Hi, I'm John Arce!

I love to share a lot of things with others. I'm Freelance Web Developer, SEO Specialist & Webmaster who works independently. I also collaborate with other companies on various projects. I'm all around enthusiasts of all things Web, from User Experience, Design, Development, Administration, Marketing, Optimization and Social Media. I engaged most of my vacant time in improving my skills in various fields of computer such as Web Development, SEO, Computer Hardware, Linux and other computer related fields. I considered Internet as an important one and played a great role in the development of my knowledge.

SUMMARY OF QUALIFICATIONS

- My interests are Web Design (Design, Standards, Usability and User Experience)
- 5 years of experience in designing, building & developing websites.
- Web Administration (Web Hosting, Domain, Cpanel, Apache, Traffic Analysis & Security)
- Content Management System (Joomla, Wordpress, Oscommerce, Magento, Drupal, phpBB, SMF & vBulletin)
- Internet Marketing: SEO, SMO, SMM, PPC, & SEM
- Webmaster & Founder of the WebGeek Philippines – Filipino Web Enthusiasts Community
